Lieutenant General John S. Pustay, USAF
President, National Defense University
Department of Defense
Washington, DC 20319

Dear General Pustay:

I concur in the importance of your GLOBEX series of war games as instructional vehicles for the players and as devices for stimulating imaginative strategic reflection on the part of all concerned. As you have requested, I authorize General Atkeson to participate in this year's exercise, playing the role of DCI. We will be happy to consider such other participation by members of the CIA as you may require.

I wish you success with PROUD PROPHET 83 in June and look forward to hearing the results of the game.

Sincerely,

/s/
John N. McMahon
Acting Director
